Jason,

On January 20, 2015 I sent you two copies of the Amendment and Extension of ML 49599 with instructions to sign both copies and return them within by February 1, 2015 along with an assignment of the lease from the owner of the lease, Jake Skabelund. You later called me and asked for more time to get the assignment from Mr. Skabelund. When I had not heard from you I sent you another letter on November 30, 2015 that instructed you that you had until the annual payment due date on February 1, 2016 to have the Amendment and Assignment to me or I would have to cancel the lease. I understand you have been out on the site because I spoke with someone you had talked to on the lease hold. I am sending you this email to let you know that I will be cancelling the lease and notifying the Utah Division of Oil, Gas & Mining of such. You will be required to reclaim the site according to the reclamation plan you have file with them.
